Dear Land Use Committee members,

This brief note is just to confirm that the project's upcoming activities, the public meeting and third Committee meeting, are confirmed for Wednesday, September 1, 2004 at Northside Middle School, located at 300 Lawrence St. in Elkhart. The public meeting will be held from 6:00 pm to 7:15 pm. The public meeting will be followed by the third Land Use Committee meeting, which will be held from 7:30 pm to 8:45 pm. The purpose of the project's public meeting is to provide an opportunity to present the Committee's work, including the revised site reuse framework, to the community for review and discussion.

Based on the public meeting and the Committee's additional discussions, the project's consultant team will then develop a revised site reuse framework and project report that reflects this stage of the community's reuse planning process for the Himco Dump site. The Committee will then present its findings to Elkhart City Council, U.S. EPA, and the Indiana Department of Environmental Management.

Please don't hesitate to contact me if you have any questions.

Sincerely,

James Wilkinson
Project Area Manager
E² Inc.
